JENNIFER HUTCHISON BIOGRAPHY

*Jennifer Hutchison
Barnett Vineyards*

Born and raised in Northern California, Jennifer moved to the Napa Valley to attend college and graduated in 1990. Deciding to stay in the area after graduation, she took a job at Meadowood Country Club in St. Helena where she worked until 1995.

In 1996, fate took over when she answered a 2 line ad in the St. Helena Star for a 'Winery Assistant'. In generalized term, the job was described as 'a little of everything' and that is exactly what it is.

After 10 years with Barnett Vineyards, Jennifer has become involved in most aspects of the winery, from distribution, public relations, marketing and sales along with running the office and generally keeping everyone in line! She is also involved with the Spring Mountain District Association.

In her free time, Jennifer enjoys reading, traveling, hiking and spending time with her husband and friends.
